FOR IMMEDIATE RELEASE

SDIA RECEIVES GENEROUS SPONSORSHIP FROM LH FINANCE

Rogers, AR (November 2, 2017) – As a national non-profit that exists to engage, assist and empower our nation’s “Sheep Dogs” – those who make up our military and first responder professions – Sheep Dog Impact Assistance (SDIA) is honored to announce their selection to receive \$10,000 from LH Finance. This donation will provide much-needed funding to sponsor Sheep Dogs injured in combat or the line of duty to participate in SDIA’s Outdoor Adventure Program, Disaster Response Mission and Holiday Outreach Programs.

“We are overwhelmed by the generosity of LH Finance,” said SgtMaj Lance Nutt, SDIA’s president and founder. “Our missions to engage and assist our nation’s Sheep Dogs will be enhanced tremendously as a result of this donation. We are extremely excited to sponsor as many Sheep Dogs in need as possible with the support of LH Finance.”

Invited to the Ft. Lauderdale Boat Show by AIM Media in order to increase awareness of their missions, Sheep Dog Impact Assistance were introduced to LH Finance who is organizing a VIP experience for pre-qualified buyers at the show. Customers who are pre-qualified will receive complimentary admission for two and a VIP package that includes complimentary admission to the AIM Marine Group’s VIP Pavilion as well. “We are very humbled and honored to support such a great cause and at the end of the day, this is what LH-Finance team is about. Our primary goal is uniting people and their dreams, whether through financing or community efforts.” Hervé Bonnet, president and CEO of LH-Finance.

SDIA hosts Outdoor Adventures throughout the year for fellow Sheep Dogs to provide them with the camaraderie and peer support that may be missing after a shift or tour of duty ends - two vital elements that promote a positive state of mind and perspective. For our sponsored Sheep Dogs, these adventures are much more than a getaway. While the outings are fun and exciting, injured Sheep Dogs' participation in these events is critical to their healing. Participating presents them with new challenges that test their rehabilitation progress, restores independence and self-confidence, and gets them off the couch and reengaged in living life to the fullest.
